THE NEXTIVA DIFFERENCE

Nextiva is committed to providing Amazing Service 24/7 via email, phone, chat, or self-help. With our multi-tiered support team, based entirely in-house, we are here for you every step of the way.

OUR STORY & MISSION

Our goal is simple: to make owning and running a business easier, less costly, and more profitable. While our products are built using state-of-the-art technology, Amazing Service® is truly the foundation of Nextiva. It is our dedication to each other and our customers, first-call resolution, and the focus on helping businesses succeed that set us apart. Whether your company is in one office location or nationwide call centers, Nextiva provides the tools, technology, and support you need to run your company efficiently and profitably.

PREMIER PRODUCTS

- **Nextiva Office:** More than a VoIP phone service, Nextiva Office adds professional messaging, Auto Attendants, department routing, and other advanced features to make your business more productive and profitable.
- **Nextiva Analytics:** Gain exceptional visibility into call and employee activity data and make quick decisions for your business with Nextiva Analytics.
- **Nextiva Hosted Call Centers:** Nextiva Call Centers combine the flexibility to handle large call volume with high efficiency.
- **Nextiva SIP Trunking:** Keep your equipment and maximize connectivity by upgrading your office phone technology to the cloud.
- **Nextiva vFAX:** Reduce costs, save time, and minimize your carbon footprint by sending and receiving faxes on any device.
- **Nextiva Drive:** Access, sync, store, and edit files, videos, and documents in the cloud with Nextiva Drive.
